# Oasis collection

Oasis is the latest Collection by CTA®. We took inspiration for it from World Oasis, that is to say isles with lush flora and clear water standing out in the middle of the desert thus giving an immediate and replenishing natural gift to our sight and senses.

Oasis new line goal is the creation of modern top quality textiles for several purposes, created in different sophisticated colors thus adding a very refined touch to your setting, in a word oasis harmony and freshness as the source of inspiration.

Oasis collection offers, indeed, many articles ranging from simple plain fabrics to decoration ones on thin and refined textiles.

In order to satisfy every need and style clients might have, CTA® conceived this line to offer stylish matching textiles. Your setting will be perfectly decorated in a delicate and modern way.

# Petra

As Cucciolaio fabric was a great success, CTA® introduces to its clients, a cloth that is very similar to Cucciolaio in terms of quality and color variants. It comes in a laser cut version on a 100% PL background. Petra's nuances recall the namesake Oasis warm tones. We are talking about a place located on the Jordan's south-western part which characterized by a sumptuous monumental garden with paths and trees, grapevines, palms and herbaceous plants running along the way of a natural 44 meters length open air natural pool.

Petra is a fabric available in 300/305 cm width, finished with lead, in 5 different colors: white, grey, pink, petrol blue and dove grey.

# Canyon

It is a fabulous oasis 40 kilometers off Las Vegas. The Grand Canyon offers a 13 miles route where the wonderful granite rocks and the famous stone slabs can amaze you, thus creating an unreal and magical atmosphere made of geometrical shapes and lights.

All that inspired CANYON window treatment curtain: a 100% PL double face jacquard with a modern contemporary decoration.

It is available in 305/310 cm width finished with lead.

Canyon comes in 6 colors such as natural, light grey, dark grey, dove grey, olive and blue-green.

# Turpan

It is one of the most evocative Silk Rute's Oasis, laid down 154 meters below the sea level, on The Flaming Mountains slopes and immersed in a green area full of trees and vineyards.

The brightness of this wonderful location is the inspiration for CTA® new Collection window treatment curtain Turpan.

We are talking about a 50% CO, 30% VI, 20% PL textile available in 145/150 cm width.

Turpan textile has a laminated print on a cotton background and it comes in 4 different shades: light silver, dark silver, light golden, dark golden.

# Sonoran

Sonoran Oasis, which means “the place where plants live”, is located in the Western part of the United States and Mexico border.

Due to its lush flora and original fauna, it is a very popular oasis, just like Sonoran fabric pattern, a canneté effect 50% CO 50% PL Jacquard.

It comes in a wide range of colors from natural tones to light grey, dark grey, dove grey, olive and blue green.

It is available in 295/300 cm width finished with lead.

# Ziz

Ziz is one of the most beautiful Southern Moroccan Oasis.

Its beauty derives from lush clearings and palm groves that overlooks to a calm river flowing south to the Saharan Desert borders thus creating wonderful geometrical shapes.

This delightful scenery inspired Ziz fabric creation. We are talking about a 100%PL decorative textile, characterized by a modern design in 4 different dedicate nuances such as natural, camel, dove grey and grey.

Ziz is available in 305/310 cm width.

# Wadi

Wadi is one of the most surprising places in the world.

It is located in Saudi Arabia and it is characterized by a turquoise fresh water river hidden in a red rocks canyon.

As we see it, due to its transparent green or aqua waters, we have the impression of a natural pool. Wadi water shades have inspired the creation of a 100% PL fabric made of an embossed wavy motif. Available in 7 colors: natural, light grey, dark grey, dove grey, olive, blue green and cocoa.

It comes in 305/310 cm width.

# Farafrà

Farafrà is named after a small Oasis in the Western Egyptian desert. The most remarkable natural beauty in this Oasis is the so-called White Desert made of gypsum rock formations created by sand storms.

This scenery created a sinuous windy atmosphere that we tried to capture in our window treatment fabrics.

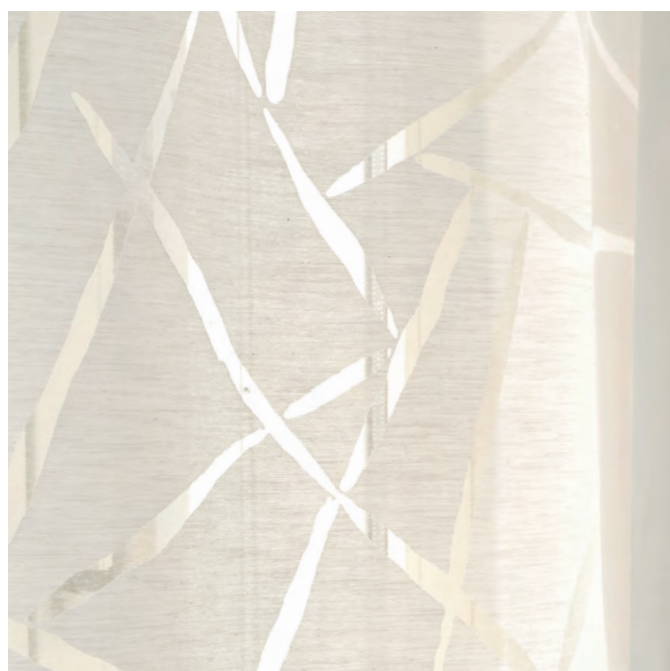

Farafrà is a burnout with a special finishing that gives it a very smooth touch. (60% VI - 40% PL). Available in 5 colors: white, beige, grey, dove grey, and aqua. Farafrà is available in 320/325 cm width finished with lead.

# Loulan

This window treatment curtains recalls the wonderful Loulan Oasis, which is located in the North West part of Lopnor Lake, China.

It is a very luxurious area thanks to its lush flora. Loulan fabric takes inspiration from this oriental oasis.

It is a 60% VI and 40% PL devorè ideal for window treatment curtains and decoration purposes. It is available in 295/300 cm width and in 4 different colors: white, beige, dove grey and light grey.

# Siwa

It suddenly comes out of nowhere with its shiny green trees, a perfect mirage in the middle of the Libyan desert, Siwa is a green oasis full of fruit trees and more than 300 spring waters thus watering thousands of date palms and olive trees. Siwa is a refined devorè full of shiny shades just like Siwa oasis shiny places. It is a 55% VI and 45% PL mix blend proposed in four different colors: natural, dove grey, olive and blue green.

It is available in 295/300 cm width; Siwa is the perfect choice for a modern and contemporary setting.

# Maranhao

It is a magical location on the northeast Brazilian coast. Wind and water erosion sculpted a stunning natural place, an immense multitude of shiny white sand waves. Silver fish swim in the green and blue water natural ponds between the dunes.

The inspiration came from this breathtaking landscape so that Maranhao fabric was born.

It is an 85% VI and 15%PL cashmere effect textile. Available in 315/320 cm width in more than 13 natural color nuances (white, beige, dove grey, light grey, dark grey) and more intense lively colors (lime, light blue, aqua).
